

Cyber Resilience Professional Certification Training

Designing a **Governance Overlay System that Transforms Digital Services into
Resilient, Assured, and Accountable (GRAA) Digital Business Outcomes**

From Wiz Multi-Cloud Resilience to DVMS Digital Value Resilience

While Wiz (**acquired by Google**) redefined how organizations see and secure cloud environments, DVMS is redefining how enterprises govern, assure, and account for resilient digital value as an integrated dimension of digital business performance.

Target Enterprise Markets for DVMS-GRAA Overlay System

- **NISTCSF**
- **CMMC**
- **ITIL/ITSM**
- **GRC**
- **ISO 27001**
- **ISO 31000**
- **AI**

DVMS FastTrack Adoption Program

- It all starts with selecting the first digital service you want to operationalize with the new DVMS capabilities. That service will then serve as the blueprint for operationalizing DVMS across the remaining services.

DVMS Institute Partner Program

- TSO Content Licensing
- APMG International Instructor Accreditation and Exam Services
- The rest is up to the Enterprise or ATO training partner
