

## **DVMS® Assurance-Now™**

In the **Age of AI**, organizations can no longer rely on manual reports, periodic audits, or assumed confidence to determine if they are achieving their strategic and operational intent for delivering assured digital value.

**DVMS® Assurance-Now™** is a **Governance by Assurance™ Overlay System** that continuously transforms fragmented operational data into trusted, audit-ready evidence, enabling leaders to provide continuous assurance that the business is fulfilling its strategic and operational intent for creating, protecting, and delivering trusted, resilient, and accountable digital value.

### **Learning Pathway to Building a DVMS Assurance-Now™ Program**

Through structured learning, applied certification, and authoritative publications, The **DVMS Assurance-Now™ Certified Training Programs** teach organizations how to build a **Governance by Assurance™ Overlay System** that continuously transforms fragmented operational data into trusted, audit-ready evidence, enabling leaders to provide continuous assurance that the business is fulfilling its strategic and operational intent for creating, protecting, and delivering trusted, resilient, and accountable digital value.

### **Launching a DVMS Assurance-Now™ Governance Program**

It all starts with selecting the first digital service you want to operate with the new DVMS capabilities. It will serve as the blueprint for the remaining services.
